

WHY IT'S SPECIAL:

A **talc-free and exceptionally smooth and hydrating** powder that releases an incredible **creamy and smooth** result on the complexion. A formula created to be highly performing with the cleanest level ever and without controversial ingredients. Very versatile, it can be developed in **face powder, blush, bronzing and highlighting versions**.

With a **rich and buttery touch**, it gives **radiance** and **hydration** to the skin and creates **soft-focus, smoothing and blurring effect**. Formulated to give **high coverage and to be long lasting (up to 10 hours)**, the skin will be perfectly covered and homogenous all day long.

A formula with outstanding properties, such as notably **adhesion properties**, it stays on place homogeneously from the very first application.

ACTIVE INGREDIENTS (Upon request, it is possible to introduce specific active ingredients)**RAW MATERIALS****Mica**

Soft mica, provides radiance without looking greasy.

Texturizing Powder

Linked with the product's high smoothness, coverage and hydrating effect.

Soft-Focus Mix

Mix of powders linked with the blurring and high soft-focus effect.

Esters Blend

Mix of esters providing spreadability, creamy touch and good adhesion on the skin.
